paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Paperback Pages Number: 154 Language: Simplified Chinese. Publisher: Southeast University Press; 1 (2004 January 1. day). Monolithic microcomputers principle and application of learning guidance and experiment as a single-chip microcomputer principle and application of supporting materials. including three sections. The first part of each chapter study guide. extracted from the various chapters of knowledge. for beginners to master the learning focus. The second part of the exercises in each chapter answers to each chapter thinking with exercises to compile and give an answer. one of the problems given in the analysis process to facilitate the reader self- Study guides and exercises answers are written in the book is organized in accordance with the monolithic micro-computer principle and application. The third part of the monolithic microcomputers principle and application of learning guidance and experiment of the experimental guidance. Must be done very practical view of the monolithic integrated circuit technology. learning theory with practice. to master what they learn by doing experiments. to achieve the intended purpose. Single-chip micro-computer theory and application of learning guidance and experimental experimental guidance does not rigidly adhere to the use of a particular simulation equipment. but rather focuses on the introductory experimental circuit design. programming methods and process. and thus for different simulation The experimental instrument. have a certain versatility. Single-chip micro-computer theory and application of learning guidance and experimental. although as supporting materials. but its content system. independent. and strive to accurately concept. focusing on the basics of a typical application. focusing on the combination of theory and practice. focused answer detailed exercises. To guide the reader through exercises and experiments. well-known application of SCM. and strive to achieve to be able to...
