GAO identified seven cases in the past 4 years where GSA missed exercising lease renewal options and another case, now in litigation, where the lessor contends that GSA missed exercising such an option. These missed options could result in additional costs for rent in excess of \$30 million over the remaining term of the options. The lack of confidence on the part of GSA leasing specialists in the information system has resulted in each regional office s tailoring its procedures to conform with PBS/IS capabilities. GSA officials recognize that problems exist with the current information system, and increased attention by management to these problems has produced what is probably the most accurate PBS/IS renewal option database to date. GAO believes that, to ensure future database accuracy and to reduce the chances of missing future lease renewal options, GSA must put continued emphasis...
